

English - style sentence

Fluent

When I started laughing at the funny parts, a sound of laughter also came from behind me. 句子比较不够自然, 可以简化

e.g

When I started laughing, I suddenly heard laughter behind me.

two event ; 两个事件相对独立, 或者讲一件事情

The sound was very, very loud! I felt very *puzzled*. 句子太过于简单, 可以详细写出, 合并

e.g

The sound was very, very (extremely) loud, and I had no idea where it came from.

When + what happened +, + who + did what (one emotion one action; two action)

When I opened the door, I saw...(all of my dolls were talking)
When I saw a huge spider, I froze because I was too scared.

Who was + so + adj + that + what happened (one emotion one action)

I was so happy that I got a new doll.

I felt very scared, just like seeing a ghost.

e.g

I was so scared that I almost thought I had seen a ghost.

两个半句都在讲一件事情, 强烈的感情

stronger emotion than—

When I was very scared, I almost thought that I saw a ghost.

When I (was watching TV), (the door opened)(something unexpected happened)

At first, I thought (that was my mom).

But then, I realized (there was nobody at the door).

At that moment, I felt (scared).

When I was very tired, a feeling of sleepiness came to me.

I was so **tired** that I **felt sleepy**.

When I **was** very **tired**, I suddenly **felt sleepy**

When everything seemed normal正常的,
suddenly突然的.....
